- ii. The Business Office Manager or designee will use the following Table in addition to review of out-of-pocket medical expenses to determine eligibility for the high medical cost discount. This schedule will be maintained and updated annually by the Business Office Manager or designee.

Family Size	<u>Monthly</u> Income less than or equal to	Family Size	<u>Monthly</u> Income Less than or equal to
-------------	---	-------------	---

	350%		350%
1	\$3,404	5	\$8,140
2	\$4,588	6	\$9,325
3	\$5,772	7	\$10,509
4	\$6,956	8	\$11,693

*Schedule based upon 2014 poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2)

** For family units with more than 8 members, add an additional \$1,184 per month per family member.

~~Financial obligations not eligible for consideration are co-pays, Indemnity balances, or share of cost where the patient has received a discounted rate from the hospitals as a result of his or her third party coverage.~~ Elective cosmetic procedures or services denied by available funding sources as not medically necessary are not eligible for high medical cost discounts. - iii. Eligible patients' obligation will be reduced to no more than the Applicable Medi-Cal rates in effect at date of service. Where Medi-Cal rates cannot be determined, eligible patients will receive a 75% discount from charges.

Example #1: Patient has qualified for discount based upon high medical cost. Patient has an emergency stay with \$10,000 total charges. The patient's third party insurance paid \$6,000 and has left the patient responsible for a co-pay of 4,000. If billed, Medi-Cal would have paid \$5,000 for the same services. Under these discount criteria, the patient would not be responsible for the \$4,000 co-pay as the amount paid by the third party insurance has exceeded the Medi-Cal reimbursement amount.

Example #2: Patient has qualified for discount based upon high medical cost. Patient has an emergency stay with \$10,000 total charges. The patient's third party insurance paid \$6,000 and has left the patient responsible for a co-pay of \$4,000. If billed, Medi-Cal would have paid \$7,500 for the same services. Under these discount criteria, the patient would only be responsible for the difference between the allowed amount from Medi-Cal (\$7,500) and the amount paid by the third party insurance (\$6,000) therefore, leaving the patient responsible for \$1,500.

- iv. Patients receiving a partial discount may be eligible for interest Free patient payment plans as described below.

The Kindred Patient Accounting Department cannot readily identify self pay balances after insurance payments as co-pay / deductibles versus non-covered services for insured patients. The patient or guarantor must request the 25% discount and make payment in full within 30 days of receipt of insurance payment for these non-covered services.
 - iii. ~~Financial obligations not eligible for consideration for prompt pay discounts are co-pays, indemnity balances, or share of cost.~~
 - iii. Patients requesting patient payment plans will not be eligible for prompt pay discounts.

"Essential living expenses" are defined as expenses for any of the following: rent or house payments (including maintenance expenses), food and household supplies, utilities and telephone, clothing, medical and dental payments, insurance, school or child care, child and spousal support, transportation and automobile expenses (including insurance, fuel, and repairs), installment payments, laundry and cleaning expenses, and other extraordinary expenses.
