

Tenet HealthCare

Charity Care and Discount Payment Policies

Charity Care Policy

POLICY

Tenet is committed to providing high quality, comprehensive health care services, regardless of a patient's ability to pay. Tenet strives to ensure that the financial situation of people who need health care services does not prevent them from seeking or receiving care. Charity Care is not considered to be a substitute for personal responsibility, and patients are expected to cooperate with Tenet's procedures for obtaining financial assistance and to contribute to the cost of their care based on individual ability to pay.

The determination of Charity Care generally should be made at the time of admission, or shortly thereafter. However, events after discharge could change the ability of the patient to pay. Designation as Charity Care will only be considered after all payment sources have been exhausted.

The discount amount is based on family income compared to the Federal Poverty Limit ("FPL") for the current year. Patients with family income under 200% FPL will be eligible for free care for the dates of service for which an application is completed.

Uninsured or Under-insured patients (as defined below) with family income between 201% and 350% FPL will be eligible for care at a sliding scale discount. <u>See Charity Care Policy MEC.00.01 for additional information.</u>

Uninsured patients whose family income exceeds 350% of the FPL will receive the Compact discounted rate. <u>See COMP-RCC 4.56 Implementation of Tenet's Compact with Uninsured Patients Policy for additional information.</u>

SCOPE

All Tenet California hospitals.

PURPOSE

To provide free healthcare to patients treated at Tenet California facilities who have an inability to pay for their care.

DEFINITIONS

"Charity Care" represents the Tenet healthcare services that are provided to patients who are financially unable to satisfy their debts, resulting from a determination of a patient's inability to pay, not their willingness to pay. Hospital charges for patient accounts identified as Charity Care at the time of admission or service are not recognized by the facility as net revenue or net receivables. If patient accounts are identified as Charity Care subsequent to the facility recognizing the charges as revenue, an adjustment is required to classify appropriately the revenue and any bad debt expense previously recorded.

FACTORS TO BE CONSIDERED

Factors to be considered in determining eligibility for Charity Care must include comparing the patient's gross income to the annually published Federal Poverty Guideline, or an equivalent thereof. This information may be obtained through verbal means from the patient/guarantor and documented by either a specifically designated Tenet employee at the Tenet facility (such

as a Patient Advocate or Financial Counselor) or by a Financial Assistance Processor or other Tenet employee after discharge.

Other factors may include, but are not limited to, the following:

- Validate means of support if unemployed and no earned or unearned income has been provided on the application.
- Validate activity on current accounts reported to credit bureaus to determine how payments are being made if household expenses exceed income reported on Confidential Financial Assistance Application.
- Validate liquid assets (stocks, bonds, certificates of deposit, money market accounts, checking and savings accounts balances), provided that neither the first ten thousand dollars (\$10,000) nor fifty percent of monetary assets over the first ten thousand dollars (\$10,000) may be counted in determining eligibility.
- The previous exhaustion of all other available resources.

A Confidential Financial Assistance Application completed by the patient may not be required for patients who are deemed to be already eligible for other Federal, State, and County Assistance Programs. Such programs include, but are not limited to Medicaid, County Assistance Programs, MIA, MSI, TANF, Food Stamps, and WIC.

- 1. **Family Members**—Tenet will require patients to provide the number of family members in their household.
 - a. Adults—To calculate the number of family members in an adult patient's household, include the patient, the patient's spouse and/or legal guardian, domestic partner, and all of their dependent children under 21 years of age, whether living at home or not.
 - b. Minors—To calculate the number of family members in a minor patient's household, include the patient, the patient's mother/father, legal guardian and/or caretaker relative and all of their other dependents under 21 years of age.
- 2. **Income Calculation**—Tenet requires patients to provide their household's annual gross income.
 - a. "Patient's household income" includes all funds received by all members of the patient's household that support the household.
 - b. "Household" is defined as patient, patient's spouse or domestic partner, and all dependents who live in the same residence as the patient and/or guarantor.
 - c. A "dependent" is defined as a person who can be claimed by the guarantor and/or patient as a dependent on their federal tax return.
- 3. Expired Patients—Expired patients may be deemed to have no income for purposes of the Tenet calculation of income if there is no surviving spouse or no other guarantor appears on the patient account. Although no documentation of income and no Confidential Financial Assistance Application are required for expired patients, the patient's financial status will be reviewed at the time of death by the Tenet Financial Assistance Center ("TFAC") to ensure that a Charity Care adjustment is appropriate. TFAC will also determine whether the patient's estate or probate proceeding indicate liquid assets in excess of \$10,000. If the value of the patient's estate or probate proceeding exceeds

\$10,001, the expired patient will not qualify for Charity Care. The estate will be pursued for reimbursement on debts owed.

- 4. International patients are considered on a case-by-case basis for ER treatment and/or ER admission only.
- 5. Catastrophic illness and documented hardship within the household may also be considered for Charity Care.

Under-insured Patients

An "Under-insured Patient" is an insured patient with "high medical costs." These are insured patients whose family income does not exceed 350% of the FPL and has either (1) incurred or whose family has incurred annual out-of-pocket costs at the hospital that exceed 10% of the patient's family income in the prior 12 months or (2) incurred or whose family has incurred annual out-of-pocket costs with other providers that exceed 10% of the patient's family income in the prior 12 months. Patients must provide documentation of out-of-pocket costs incurred at providers.

DOCUMENTATION

CONFIDENTIAL FINANCIAL ASSISTANCE APPLICATION

In order to qualify for Charity Care, Tenet requires each patient or family to complete the Confidential Financial Assistance Application. A blank Confidential Financial Assistance Application is attached to this Policy as Exhibit B. This application allows the collection of information about income and the documentation of other requirements as defined below. Information obtained under this policy will not be used for collections activities.

The Financial Assessment Processor will attempt to secure supporting documentation. Income and/or assets may be verified by attaching any one or more of the following:

- Recent IRS tax returns
- Recent payroll stubs
- Declarations
- Verbal attestation
- Other forms used to substantiate the need for Charity Care consideration, provided that statements on retirement or deferred compensation plans (either qualified under the Internal Revenue Code or nonqualified) may not be used
- Credit Bureau Report (including the lack thereof)

In cases where the patient is unable to complete the written application, verbal attestation is acceptable if it is not disallowed by State law/regulation.

APPEAL OF DENIED CHARITY CARE APPLICATIONS

A patient may appeal a charity care denial by submitting additional documentation to substantiate the application and qualification to:

Attention: TFAC Manager Tenet Financial Assistance Center P.O. Box 66049 Anaheim, CA 92816-9908 1-888-233-7868

RESERVATION OF RIGHTS

It is the policy of Tenet and the hospital to reserve the right to limit or deny financial assistance at their sole discretion, consistent with Tenet and hospital policy and all applicable laws.

- **Non-Covered Services**—It is the policy of Tenet and the hospital to reserve the right to designate certain services that are not subject to this Charity Care Policy.
- **No Effect on Other Tenet Regions/Hospital Policies**—This policy shall not alter or modify other Tenet policies regarding efforts to obtain payments from third-party payors, patient transfers, emergency care, State-specific regulations, State-specific requirements for Statutory Charity Care classification, or programs for uncompensated care.

Discount Care Policy

POLICY

Tenet is committed to providing high quality, comprehensive health care services, regardless of a patient's ability to pay. Tenet strives to ensure that the financial situation of people who need health care services does not prevent them from seeking or receiving care. Discount care is not considered to be a substitute for personal responsibility, and patients are expected to cooperate with Tenet's procedures for obtaining financial assistance and to contribute to the cost of their care based on individual ability to pay. The patient will be informed of financial obligations and programs such as the California Health Benefit Exchange, Medicare, Medi-Cal, Healthy Families, California Children's Services, or other State or county funder health coverage that may be available to them, and how to apply to such programs.

The determination of discount care generally should be made at the time of admission, or shortly thereafter. However, events after discharge could change the ability of the patient to pay.

The discount amount is based on family income compared to the Federal Poverty Limit ("FPL") for the current year. Uninsured or Underinsured patients (as defined below) with family income between 201% and 350% FPL will be eligible for care at a sliding scale discount. In no event will the discounted payment expected from the patient exceed the amount of payment the hospital would expect to receive for services from Medicare, Medi-Cal, the Healthy Families Program, or another government-sponsored program of health benefits in which the hospital participates, whichever is greater.

Patients with family income under 200% FPL will be eligible for free care for the dates of service for which an application is completed. <u>See Charity Care Policy MEC.00.01 for additional information</u>.

Uninsured patients whose family income exceeds 350% of the FPL will receive the Compact discounted rate. <u>See COMP-RCC 4.56 Implementation of Tenet's Compact with Uninsured Patients Policy for additional information.</u>

An emergency physician who provides emergency medical care in a Tenet California hospital is also required by law to provide discounts to uninsured patients or patients with high medical costs who are at or below 350 percent of FPL. This statement will not be construed to impose any additional responsibilities on the hospital.

Extended payment plans will be available for patients who qualify for discounted care under this policy. The hospital and the patient will negotiate the terms of the payment plan, taking into consideration the patient's family income and essential living expenses. In the event that the hospital and the patient cannot agree on a payment plan, the hospital will create a reasonable payment plan for the patient, structured so that monthly payments may not exceed 10 percent of a patient's family income for a month, excluding deductions for essential living expenses. For purposes of this policy, "essential living expenses" means rent or house payments or maintenance, food and household supplies, utilities and telephone, clothing, medical and dental payments, insurance, school or child care, child or spousal support, transportation and auto erxpenses, laundry and cleaning and other extraordinary expenses.

SCOPE

All Tenet California hospitals.

PURPOSE

To provide discounted healthcare to patients treated at Tenet California facilities who have a limited ability to pay for their care.

FACTORS TO BE CONSIDERED

Factors to be considered in determining eligibility for discounted care must include comparing the patient's gross income to the annually published Federal Poverty Guideline, or an equivalent thereof. This information may be obtained through verbal means from the patient/guarantor and documented by either a specifically designated Tenet employee at the Tenet facility (such as a Patient Advocate or Financial Counselor) or by a Financial Assistance Processor or other Tenet employee after discharge.

Other factors may include, but are not limited to, the following:

- Validate means of support if unemployed and no earned or unearned income has been provided on the application.
- Validate activity on current accounts reported to credit bureaus to determine how payments are being made if household expenses exceed income reported on Confidential Financial Assistance Application.

A Confidential Financial Assistance Application completed by the patient may not be required for patients who are deemed to be already eligible for other Federal, State, and County Assistance Programs. Such programs include, but are not limited to Medicaid, County Assistance Programs, MIA, MSI, TANF, Food Stamps, and WIC.

- 6. **Family Members**—Tenet will require patients to provide the number of family members in their household.
 - a. Adults—To calculate the number of family members in an adult patient's household, include the patient, the patient's spouse and/or legal guardian, domestic partner, and all of their dependents children under 21 years of age, whether living at home or not.
 - b. Minors—To calculate the number of family members in a minor patient's household, include the patient, the patient's mother/father, legal guardian and/or caretaker relative and all of their other dependents under 21 years of age.
- 7. **Income Calculation**—Tenet requires patients to provide their household's annual gross income.
 - a. "Patient's household income" includes all funds received by all members of the patient's household that support the household.
 - b. "Household" is defined as patient, patient's spouse or domestic partner, and all dependents who live in the same residence as the patient and/or guarantor.
 - c. A "dependent" is defined as a person who can be claimed by the guarantor and/or patient as a dependent on their federal tax return.
- 8. **Expired Patients**—Expired patients may be deemed to have no income for purposes of the Tenet calculation of income if there is no surviving spouse or no other guarantor appears on the patient account. Although no documentation of income and no Confidential Financial Assistance Application are required for expired patients, the patient's financial status will be reviewed at the time of death by the Tenet Financial Assistance Center ("TFAC") to ensure that a discount care adjustment is appropriate. TFAC will also determine whether the patient's estate or probate proceeding indicate liquid assets in excess of \$10,000. If the value of the patient's estate or probate proceeding exceeds \$10,001, the expired patient will not qualify for discount care. The estate will be pursued for reimbursement on debts owed.

- 9. International patients are considered on a case-by-case basis for ER treatment and/or ER admission only.
- Catastrophic illness and documented hardship within the household may also be considered for discounted care.

Under-insured Patients

An "Under-insured Patient" is an insured patient with "high medical costs." These are insured patients whose family income does not exceed 350% of the FPL and has either (1) incurred or whose family has incurred annual out-of-pocket costs at the hospital that exceed 10% of the patient's family income in the prior 12 months or (2) incurred or whose family has incurred annual out-of-pocket costs with other providers that exceed 10% of the patient's family income in the prior 12 months. Patients must provide documentation of out-of-pocket costs incurred at providers.

DOCUMENTATION

CONFIDENTIAL FINANCIAL ASSISTANCE APPLICATION

In order to qualify for discounted care, Tenet requires each patient or family to complete the Confidential Financial Assistance Application. A blank Confidential Financial Assistance Application is attached to this Policy as Exhibit B. This application allows the collection of information about income and the documentation of other requirements as defined below. Information obtained under this policy will not be used for collection activities.

The Financial Assessment Processor will attempt to secure supporting documentation. Income and/or assets may be verified by attaching any one or more of the following:

- Recent IRS tax returns
- Recent payroll stubs
- Declarations
- Verbal attestation
- Other forms used to substantiate the need for Discount Care consideration, provided that statements on retirement or deferred compensation plans (either qualified under the Internal Revenue Code or nonqualified) may not be used
- Credit Bureau Report (including the lack thereof)

In cases where the patient is unable to complete the written application, verbal attestation is acceptable if it is not disallowed by State law/regulation.

APPEAL OF DENIED DISCOUNTED CARE APPLICATIONS

A patient may appeal a discount care denial by submitting additional documentation to substantiate the application and qualification to:

Attention: TFAC Manager Tenet Financial Assistance Center P.O. Box 66049 Anaheim, CA 92816-9908 1-888-233-7868

RESERVATION OF RIGHTS

It is the policy of Tenet and the hospital to reserve the right to limit or deny financial assistance at their sole discretion, consistent with Tenet and hospital policy and all applicable laws.

- **Non-Covered Services**—It is the policy of Tenet and the hospital to reserve the right to designate certain services that are not subject to this Discount Care Policy.
- **No Effect on Other Tenet Regions/Hospital Policies**—This policy shall not alter or modify other Tenet policies regarding efforts to obtain payments from third-party payors, patient transfers, emergency care, State-specific regulations, State-specific requirements for Statutory Charity Care classification, or programs for uncompensated care.

Compact Discount Policy

POLICY

Tenet is committed to providing high quality, comprehensive health care services, whether or not a patient has insurance coverage. Discounted care is not considered to be a substitute for personal responsibility, and patients are expected to cooperate with Tenet's procedures for obtaining discounts and to pay the amount of any copayment required. The qualification for discounted care generally should be made at the time of admission, or shortly thereafter.

Qualification for this policy discount is based on family income compared to the Federal Poverty Limit ("FPL") for the current year. Uninsured patients whose family income exceeds 350% of the FPL qualify.

Patients with family income under 200% FPL will be eligible for free care for the dates of service for which an application is completed. See Charity Care Policy MEC.00.01 for additional information.

Uninsured or Under-insured patients (as defined) with family income between 201% and 350% FPL will be eligible for care at a sliding scale discount. See COMP-RCC 4.56 Implementation of Tenet's Compact with Uninsured Patients Policy for additional information. This policy (as described below) is not applicable to pre-scheduled elective non-emergent, surgical, or cosmetic surgical patients, nor is it applicable to international non-emergent surgical patients.

SCOPE

All Tenet California hospitals.

PURPOSE

To provide discounted healthcare to patients treated at Tenet California facilities to uninsured patients whose family income exceeds 350% of the FPL.

DEFINITIONS

For the purposes of this policy, an "Uninsured" patient is defined as a patient who does not have third-party coverage from a health insurer, health care service plan, Medicare, or Medicaid, and whose injury is not a compensable injury for purposes of workers' compensation, automobile insurance, or other insurance as determined and documented by the hospital.

PROCEDURE Tenet hospitals will provide patients with an estimated invoice of services rendered. The patient will be informed of the estimated cost of services at the discounted rate. The patient will be informed of financial obligations and programs such as the California Health Benefit Exchange, Medicare, Medi-Cal, Healthy Families, California Children's Services, or other State or county funder health coverage that may be available to them, and how to apply to such programs.

> These policy discounts will be applied to the patient's account when the final bill is created and will be adjudicated in the same manner as accounts with a contracted payor.

APPEAL OF DENIAL OF COMPACT DISCOUNT

A patient may appeal a denial of a Compact Discount by submitting additional documentation to:

Attention: TFAC Manager Tenet Financial Assistance Center P.O. Box 66049 Anaheim, CA 92816-9908 1-888-233-7868

RESERVATION OF RIGHTS

It is the policy of Tenet and the hospital to reserve the right to limit or deny financial assistance at their sole discretion, consistent with Tenet and hospital policy and all applicable laws.

Non-Covered Services—It is the policy of Tenet and the hospital to reserve the right to designate certain services that are not subject to this Compact Discount Policy.

No Effect on Other Tenet Regions/Hospital Policies—This policy shall not alter or modify other Tenet policies regarding efforts to obtain payments from third-party payors, patient transfers, emergency care, State-specific regulations, State-specific requirements for Statutory Charity Care classification, or programs for uncompensated care.
