POLICY DESCRIPTION: Charity Care	
EFFECTIVE DATE: July 1, 2010	PAGE: 1 of 6
REVISED DATE: February 1, 2011; February 2012	POLICY NUMBER: RC-PFS-002

PURPOSE: Shriners Hospitals for Children® (SHC) is committed to providing care to children with neuromusculoskeletal conditions, burn injuries and certain other special healthcare needs regardless of the families’ ability to pay.

To implement standards and requirements which identify and qualify patients for Charity Care. Ensure that all eligible patients are considered according to a set standard without prejudice or bias.

Utilizing the same criteria, policy and process, identify financially needy patients who may be eligible for public assistance or grant programs in lieu of full Charity Care. Provide Shrine Assistance to patients who do not qualify for Charity Care, regardless of the families’ ability to pay.

DEFINITIONS:

Charity Care: Charity Care includes the following services provided to a patient, based on financial need:

- a. Medically necessary services, evaluated on a case-by-case basis at SHC’s discretion to include both inpatient hospital, outpatient hospital, physician and other professional service;
- b. Services for a condition which, if not promptly treated, would lead to an adverse change in the health status of an individual;
- c. Non-elective services provided in response to life-threatening circumstances in a non-emergency room setting; and
- d. Transportation, housing, and other services associated with the provision of medically necessary health care services.

Family: Using the Census Bureau definition, a group of two or more people who reside together and who are related by birth, marriage, or adoption. A parent who claims someone as a dependent on their income tax return is considered a dependent for purposes of the provision of financial assistance.

Family Income: Family Income is determined using the Census Bureau definition, which includes earnings, unemployment compensation, workers’ compensation, Social Security, Supplemental Security Income, public assistance, veterans’ payments, survivor benefits, pension or retirement income, interest, dividends, rents, royalties, income from estates, trusts, educational assistance, alimony, child support, assistance from outside the household, and other miscellaneous sources of income, determined on a before-tax basis.

Medical Necessity: Refers to care that, in the opinion of the treating physician/clinician, is reasonably needed:

- a. To prevent the onset or worsening of an illness, condition, or disability;
- b. To establish a diagnosis;
- c. To provide palliative, curative, or restorative treatment for physical, behavioral, and/or mental health conditions; and/or
- d. To assist the individual to achieve or maintain functional capacity in performing daily activities, taking into account both the functional capacity of the individual and those functional capacities that are appropriate for individuals of the same age.

Shrine Assistance Adjustment: The Shrine Assistance Adjustment refers to an administrative adjustment of any coinsurance, deductible, or other amounts that might otherwise be a patient/guardian responsibility.

POLICY:

Eligibility for Charity Care.

All patients will be considered for Charity Care based upon a determination of financial need in accordance with this policy. The granting of Charity Care shall be determined on the financial need of each individual patient, and shall not be impacted by a patient's age, gender, race, social or immigrant status, sexual orientation or religious affiliation, as long as the patient falls within the age and scope of care provided by SHC.

Determination of Financial Need.

- 1) Financial need will be determined in accordance with procedures that involve an individual assessment of financial need; and may
 - a) Include an application process, in which the patient or the patient's guardian are required to cooperate and supply personal, financial and other information and documentation relevant to making a determination of financial need;
 - b) Include the use of external publicly available data sources that provide information on a patient's or a patient's guardian's ability to pay;
 - c) Include reasonable efforts by SHC to explore appropriate alternative sources of payment and coverage from public and private payment programs, and to assist patients to apply for such programs; and
 - d) Take into account the patient's or patient's guardian's available assets and all other financial resources available to the patient.
- 2) It is preferred, but not required, that a Charity Care & Transportation and Housing Assistance Application (Appendix A) along with a determination of financial need occur prior to rendering

of services. The determination of financial need may be done at any point in the insurance billing and payment cycle.

- 3) The need for Charity Care may be reevaluated at each time of service if the last Charity Care & Transportation and Housing Assistance Application and evaluation was completed more than one year after determination of financial need, or at any time additional information relevant to the eligibility of the patient for Charity Care becomes known or if the patient’s or patient’s guardian’s circumstances change.
- 4) Charity Care & Transportation and Housing Assistance Applications shall be processed promptly and SHC shall notify the patient or applicant in writing within 30 days of receipt of a completed application.

Presumptive Financial Assistance Eligibility.

A patient may present or appear eligible for Charity Care, but there is no Charity Care & Transportation and Housing Assistance Application on file. Adequate information may be provided by the patient, their guardian or through other sources, which could provide sufficient evidence to approve the patient for Charity Care in lieu of a formal application. In certain circumstances, SHC may use outside agencies to determine estimate income amounts for determining financial need, Charity Care approval and/or potential discount amounts in lieu of a Charity Care & Transportation and Housing Assistance Application. Due to the inherent nature of the presumptive circumstances, the patient will be granted a 100% Charity Care adjustment of the account balance.

Presumptive eligibility may be determined on the basis of individual life circumstances that may include:

- a. State-funded prescription programs;
- b. Homeless or received care from a homeless clinic;
- c. Participation in Women, Infants and Children programs (WIC);
- d. Food stamp eligibility;
- e. Free/reduced/discounted school lunch program eligibility;
- f. Eligibility for other state or local assistance programs that are unfunded (e.g., Medicaid spend-down);
- g. Low income/subsidized housing is provided as a valid address; and
- h. Parent is deceased with no known estate.

Patient Charity Care Guidelines.

Services eligible under this Policy will be made available on a sliding fee scale, in accordance with financial need, as determined in reference to Federal Poverty Levels (FPL) in effect at the time of the determination(see SHC Means Test – Appendix B), as follows:

- a. Patients whose family income is at or below 300% of the FPL are eligible to receive a full Charity Care discount;

- b. Patients whose family income is above 300% but not more than 400% of the FPL are eligible to receive Charity Care on a sliding scale based on the following amount:
 - i. Family income greater than 300% of the FPL but less than 325% of FPL will be eligible for a 75% Charity Care discount.
 - ii. Family income greater than 325% of the FPL but less than 350% of FPL will be eligible for a 50% Charity Care discount, and
 - iii. Family income greater than 350% of the FPL but less than 400% of FPL will be eligible for a 25% Charity Care discount.
- c. Patients whose family income exceeds 400% of the FPL may be eligible to receive discounted rates on a case-by-case basis based on their specific circumstances, such as catastrophic illness or medical indigence; and
- d. Patients whose annual bills exceed 25% of the family income but do not qualify under sections above will be eligible to receive a Charity Care discount in an amount such that the remaining annual bills are equal to 25% of the family income.

Communication of the Charity Care Program to Patients and the Public.

Notification about Charity Care assistance available from Shriners Hospitals for Children, which shall include a telephone number, shall be disseminated by Shriners Hospitals for Children by various means, which may include, but are not limited to, the publication of notices in patient bills and by posting notices in admitting and registration departments, hospital business offices, and patient financial services offices that are located on facility campuses, and at other public places as Shriners Hospitals for Children may elect. Information shall also be included on facility websites. Such information shall be provided in the primary languages spoken by the population serviced by Shriners Hospitals for Children. Referral of patients for Charity Care assistance may be made by any member of the Shriners Hospitals for Children staff or medical staff, including physicians, nurses, financial counselors, social workers, case managers, chaplains, and religious sponsors. A request for Charity Care may be made by the patient or a family member, close friend, or associate of the patient, subject to applicable privacy laws.

All patients will be asked to indicate, as part of the financial counseling process, whether the family’s annual income exceeds 400 percent of the Federal Poverty Level. Financial counseling staff will explain that the question is being asked to determine whether the patient may be eligible for certain internal & external financial assistance programs. Patients and families will be notified that care at SHC is provided regardless of ability to pay and their response will not affect the services they receive from Shriners Hospitals for Children.

PROCEDURE:

- 1. Registrar identifies patient as in need of financial assistance.
