POLICY ON FINANCIAL ASSISTANCE (CHARITY CARE)	

PURPOSE

The purpose of the policy is to provide patients with information on the Financial Assistance (Charity Care) available at Sutter Health hospital facilities and to outline the process for determining eligibility for Financial Assistance.

POLICY

It is the policy of Sutter Health to provide patients with understandable written information regarding Financial Assistance to provide income-based Financial Assistance (Charity Care) to qualified patients.

SCOPE

This policy applies to all licensed hospital facilities operated by Sutter Health or an Affiliated Entity (as that term is defined in the bylaws of Sutter Health), and all other hospitals in which Sutter Health and/or an Affiliated Entity has a direct or indirect voting control or equity interest of greater than 50% (hereafter referred to as "Hospital" or "Sutter Health Hospitals" (as listed in Appendix G). Unless otherwise specified, this policy does not apply to physicians or other medical providers, including emergency room physicians, anesthesiologists, radiologists, hospitalists, pathologists, etc., whose services are not included in a Hospital's bill. This policy does not create an obligation for the Hospital to pay for such physicians' or other medical providers' services. In California, an emergency physician who provides emergency services in a hospital is required to provide discounts to uninsured patients or patients with high medical costs who are at or below 350 percent of the federal poverty level.

DEFINITIONS

Complex/Specialized Services: "Complex/Specialized Services" are services that Sutter Health or a Hospital determines are complex and specialized (e.g., transplants, experimental and investigational services) as well as certain elective services that are typically excluded from coverage under health plan coverage agreements (e.g., cosmetic procedures).

Federal Poverty Level (FPL): The "Federal Poverty Level" of "FPL" is the measure of income level that is published annually by the United States Department of Health and Human Services (HHS) and is used by Hospitals for determining eligibility for Financial Assistance.

Financial Assistance: "Financial Assistance" refers to Full Charity Care and High Medical Cost Charity Care (as outlined in section A.1 Eligibility).

Hospital Services: “Hospital Services” are all services that a Hospital is licensed to provide, including emergency and other medically necessary care (excluding Complex/Specialized Services).

Primary Language of Hospital’s Service Area: A “Primary Language of Hospital’s Service Area” is a language used by the lesser of 1,000 people or 5% of the community served by the Hospital based upon the most recent Community Health Needs Assessment performed by Hospital.

Uninsured Patient: An “Uninsured Patient” is a patient who has no third-party source of payment for any portion of their medical expenses, including without limitation, commercial or other insurance, government sponsored healthcare benefit programs, or third party liability, and includes a patient whose benefits under all potential sources of payment have been exhausted prior to an admission.

Insured Patient: An “Insured Patient” is a patient who has a third-party source of payment for a portion of their medical expenses, but excludes patients who are covered by Medi-Cal.

Patient Responsibility: “Patient Responsibility” is the amount that an Insured Patient is responsible to pay out-of-pocket after the patient’s third-party coverage has determined the amount of the patient’s benefits.

PROCEDURES

A. ELIGIBILITY

1. Eligibility Criteria: During the application process set forth in sections B and C below, Hospitals shall apply the following eligibility criteria for Financial Assistance:

Financial Assistance Category	Patient Eligibility Criteria	Available Discount
FULL CHARITY CARE	Patient is an Uninsured Patient with a Family Income (as defined below) at or below 400% of the most recent FPL	Full write off of all charges for Hospital Services
HIGH MEDICAL COST CHARITY CARE (for Insured Patients)	<ol style="list-style-type: none"> 1. Patient is an Insured Patient with a Family Income (as defined below) at or below 400% of the most recent FPL; <p style="text-align: center;"><u>and</u></p> <ol style="list-style-type: none"> 2. Medical expenses for themselves or their family (incurred at the Hospital or paid to other providers in the past 12 months) exceed 10% of the patient’s Family Income. 	A write off of the Patient Responsibility amount for Hospital Services

2. Calculating Family Income: To determine a patient's eligibility for Financial Assistance, the Hospital shall first calculate the patient's Family Income, as follows:
 - a) Patient Family: The Patient Family shall be determined as follows:
 - (i) Adult Patients: For patients over 18 years of age, the Patient Family includes their spouse, domestic partner, and dependent children less than 21 years of age, whether living at home or not.
 - (ii) Minor Patients: For patients under 18 years of age, the Patient Family includes their parents, caretaker relatives, and other children less than 21 years of age of the parent(s) or caretaker relatives.
 - b) Proof of Family Income: Patient shall only be required to provide recent pay stubs or tax returns as proof of income. Family Income is annual earnings of all members of the Patient Family from the prior 12 months or prior tax year as shown by the recent pay stubs or income tax returns, less payments made for alimony and child support. Income included in this calculation is every form of income, e.g., salaries and wages, retirement income, near cash government transfers like food stamps, and investment gains. Annual income may be determined by annualizing year-to-date Family Income. Sutter may validate income by using external presumptive eligibility service providers, provided that such service only determines eligibility using only information permitted by this policy.
 - c) Calculating Family Income for Expired Patients: Expired patients, with no surviving spouse, may be deemed to have no income for purposes of calculation of Family Income. Documentation of income is not required for expired patients; however, documentation of estate assets may be required. The surviving spouse of an expired patient may apply for Financial Assistance
3. Calculating Family Income as a Percentage of FPL: After determining Family Income, Hospital shall calculate the Family Income level in comparison to the FPL, expressed as a percentage of the FPL. For example, if the federal poverty level for a family of three is \$20,000, and a patient's Family Income is \$60,000, the Hospital shall calculate the patient's Family Income to be 300% of the FPL. Hospitals shall use this calculation during the application process to determine whether a patient meets the income criteria for Financial Assistance.
4. Special Circumstance – Benefits Exhausted During Inpatient Stay: When an Insured Patient's third-party coverage pays only a portion of the expected reimbursement for the patient's stay because the patient exhausted their benefits during the stay, the Hospital should collect from the patient the balance of the expected reimbursement that would have been due from the third-party coverage if the benefits were not exhausted. A Hospital shall not pursue from the patient any amount in excess of the amount that would have been due from the third-party coverage if the benefits were not exhausted, plus the patient's share of cost or co-insurance. A patient who exceeded their benefit cap during a stay is eligible to apply for Financial Assistance. If the patient is eligible for Financial Assistance, the Hospital shall write off all charges for services that the Hospital provided after the patient exceeded the benefit cap.
5. Financial Assistance Exclusions/Disqualification: The following are circumstances in which Financial Assistance is not available under this policy:

- a) Uninsured Patient seeks Complex/Specialized Services: Generally, Uninsured Patients who seek Complex/Specialized services (e.g. transplants, experimental or investigational procedures), and seek to receive Financial Assistance for such services, must receive administrative approval from the individual responsible for finance at the Hospital (or designee) prior to the provision of such services in order to be eligible for Financial Assistance. Hospitals shall develop a process for patients to seek prior administrative approval for services that require such approval. Elective services that are normally exclusions from coverage under health plan coverage agreements (e.g., cosmetic procedures) are not eligible for Financial Assistance.
- b) Medi-Cal Patients with Share of Cost: Medi-Cal patients who are responsible to pay share of cost are not eligible to apply for Financial Assistance to reduce the amount of Share of Cost owed. Hospitals shall seek to collect these amounts from the patients.
- c) Patient declines covered services: An Insured Patient who elects to seek services that are not covered under the patient's benefit agreement (such as an HMO patient who seeks out-of-network services from Sutter, or a patient refuses to transfer from a Sutter hospital to an in-network facility) is not eligible for Financial Assistance
- d) Insured Patient does not cooperate with third-party payer: An Insured Patient who is insured by a third-party payer that refuses to pay for services because the patient failed to provide information to the third-party payer necessary to determine the third-party payer's liability is not eligible for Financial Assistance.
- e) Payer pays patient directly: If a patient receives payment for services directly from an indemnity, Medicare Supplement, or other payer, the patient is not eligible for Financial Assistance for the services.
- f) Information falsification: Hospitals may refuse to award Financial Assistance to patients who falsify information regarding Family Income, household size or other information in their eligibility application.
- g) Third party recoveries: If the patient receives a financial settlement or judgment from a third-party tortfeasor that caused the patient's injury, the patient must use the settlement or judgment amount to satisfy any patient account balances, and is not eligible for Financial Assistance.
- h) Professional (physician) Services: Services of physicians such as anesthesiologists, radiologists, hospitalists, pathologists, etc. are not covered under this policy. Any exceptions are set forth in Exhibit A. Many physicians have charity care policies that allow patients to apply for free or discounted care. Patients should obtain information about a physician's charity care policy directly from their physician.

B. APPLICATION PROCESS

1. Each Hospital shall make all reasonable efforts to obtain from the patient or his or her representative information about whether private or public health insurance may fully or partially cover the charges for care rendered by the Hospital to a patient. A patient who indicates at any time the financial inability to pay a bill for Hospital Services shall be

evaluated for Financial Assistance. In order to qualify as an Uninsured Patient, the patient or the patient's guarantor must verify that he or she is not aware of any right to insurance or government program benefits that would cover or discount the bill. All patients should be encouraged to investigate their potential eligibility for government program assistance if they have not already done so.

2. Patients who wish to apply for Financial Assistance shall use the Sutter Health standardized application form, the "Application for Financial Assistance", Exhibit B.
3. Patients may request assistance with completing the Application for Financial Assistance in person at the Sutter Health Hospitals listed on Exhibit A, over the phone at 855-398-1633, through the mail, or via the Sutter Health website (www.sutterhealth.org).
4. Patients should mail Applications for Financial Assistance to Sutter Health, P. O. Box 619010, Roseville, CA 95661-9998 Attn: Charity Care Application.
5. Patients should complete the Application for Financial Assistance as soon as possible after receiving Hospital Services. Failure to complete and return the application within 240 days of the date the Hospital first sent a post-discharge bill to the patient may result in the denial of Financial Assistance.

C. FINANCIAL ASSISTANCE DETERMINATION

1. The Hospital will consider each applicant's Application for Financial Assistance and grant Financial Assistance when the patient meets the eligibility criteria set forth in section A.1 and has received (or will receive) Hospital Service(s).
2. Patients also may apply for governmental program assistance, which may be prudent if the particular patient requires ongoing services.
 - a) The Hospital should assist patients in determining if they are eligible for any governmental or other assistance, or if a patient is eligible to enroll with plans in the California Health Benefit Exchange (i.e. Covered California).
 - b) If a patient applies, or has a pending application, for another health coverage program at the same time that he or she applies for Financial Assistance, the application for coverage under another health coverage program shall not preclude the patient's eligibility for Financial Assistance.
3. Once a Full Charity Care or High Medical Cost Charity Care determination has been made, a "Notification Form" (Exhibit D) will be sent to each applicant advising them of the Hospital's decision.
4. Patients are presumed to be eligible for Financial Assistance for a period of one year after the Hospital issues the Notification Form to the patient. After one year, patients must re-apply for Financial Assistance.
5. If the Financial Assistance determination creates a credit balance in favor of a patient, the refund of the credit balance shall include interest on the amount of the overpayment from the date of the patient's payment at the statutory rate (10% per annum) pursuant to Health and Safety Code section 127440, provided that Hospitals are not required to refund a credit balance that is, together with interest, less than five dollars (\$5).

D. DISPUTES

A patient may seek review of any decision by the Hospital to deny Financial Assistance by notifying the individual responsible for finance at the Hospital or designee, of the basis of the dispute and the desired relief within thirty (30) days of the patient receiving notice of the circumstances giving rise to the dispute. Patients may submit the dispute orally or in writing. The individual responsible for finance at the Hospital or designee shall review the patient's dispute as soon as possible and inform the patient of any decision in writing.

Important Billing Information for Patients Financial Assistance Plain Language Summary

Thank you for choosing Sutter Health. This handout is designed to help our patients understand the Financial Assistance that is available to eligible patients, the application process for Financial Assistance, and your payment options. Your hospital bill will not include any bill for services you may receive during your hospital stay from physicians, anesthesiologists, clinical professionals, ambulance companies, and other providers that may bill you separately for their services. If you wish to seek assistance with paying your bills from these other providers, you will need to contact the providers directly.

Emergency Services: If you received emergency services at the hospital, you will receive a separate bill for the emergency room physician. Any questions pertaining to the emergency room physician's services should be directed to the physician. An emergency room physician, as defined in Section 127450 of the Health and Safety Code, who provides emergency medical services in a hospital that provides emergency care is required by law to provide discounts to uninsured patients or insured patients with high medical costs who are at or below 350% of the federal poverty level.

Payment Options: Sutter Health has many options to assist you with payment of your hospital bill.

Payment Plans: Patient account balances are due upon receipt. Patients may elect to make payment arrangements for their hospital bill. A Financial Agreement must be signed before the Patient Financial Services office can accept payment arrangements that allow patients to pay their hospital bills over time. These arrangements are interest-free for low income uninsured patients and certain income-eligible patients with high medical costs. The payment plan is negotiated between the Hospital and the patient.

Medi-Cal & Government Program Eligibility: You may be eligible for a government-sponsored health benefit program. Sutter Health has staff available to assist you with applying for government programs like Medi-Cal. Please contact Patient Financial Assistance at (855) 398-1633 if you would like additional information about government programs, or need assistance with applying for such programs. This facility also contracts with organizations that may assist you further with applying for government assistance, if needed.

Covered California: You may be eligible for health care coverage under Covered California, which is California's health benefit exchange under the Affordable Care Act. Contact the hospital financial assistance department at (855) 398-1633 for more detail and assistance to see if you qualify for health care coverage through Covered California.

Summary of Financial Assistance (Charity Care): Sutter Health is committed to providing financial assistance to qualified low income patients and patients who have insurance that requires the patient to pay significant portion of their care. The following is a summary of the eligibility requirements for Financial Assistance and the application process for patient who wish to seek Financial Assistance. The following are categories of patients who are eligible for Financial Assistance:

- Patients who have no third-party source of payment, such as an insurance company or government program, for any portion of their medical expenses **and** have a family income at or below 400% of the federal poverty level.
- Patients who are covered by insurance but have (i) family income at or below 400% of the federal poverty level; **and** (ii) medical expenses for themselves or their family (incurred at

the hospital affiliate or paid to other providers in the past 12 months) that exceed 10% of the patient's family income.

- Patients who are covered by insurance but exhaust their benefits either before or during their stay at the hospital, and have a family income at or below 400% of the federal poverty level.

You may apply for Financial Assistance using the application form that is available from Patient Financial Services, which is located within the Patient Access / Registration Departments at the Hospital or by calling Patient Financial Services at 855-398-1633, or on the Sutter Health or Hospital website (www.sutterhealth.org). You may also submit an application by speaking with a representative from Patient Financial Services, who will assist you with completing the application. During the application process you will be asked to provide information regarding the number of people in your family, your monthly income, and other information that will assist the hospital with determining your eligibility for Financial Assistance. You may be asked to provide a pay stub or tax records to assist Sutter with verifying your income.

After you submit the application, the hospital will review the information and notify you in writing regarding your eligibility. If you have any questions during the application process, you may contact the Patient Financial Services office at (855) 398-1633.

If you disagree with the hospital's decision, you may submit a dispute to the Patient Financial Services office.

Copies of this Hospital's Financial Assistance Policy, the Plain Language Summary and Application, as well as government program applications are available in multiple languages in person at our Patient Registration and Patient Financial Services offices as well as at www.sutterhealth.org and available by mail. We can also send you a copy of the Financial Assistance Policy free of charge if you contact our Patient Financial Services office at 855-398-1633.

In accordance with Internal Revenue Code Section 1.501(r)-5, Sutter Health adopts the prospective Medicare method for amounts generally billed; however, patients who are eligible for financial assistance are not financially responsible for more than the amounts generally billed because eligible patients do not pay any amount.

Pending applications: If an application has been submitted for another health coverage program at the same time that you submit an application for charity care, neither application shall preclude eligibility for the other program.

Notice of Availability of Financial Estimates: You may request a written estimate of your financial responsibility for hospital services. Requests for estimates must be made during business hours. The estimate will provide you with an estimate of the amount the hospital will require the patient to pay for health care services, procedures, and supplies that are reasonably expected to be provided by the hospital. Estimates are based on the average length of stay and services provided for the patient's diagnosis. They are not promises to provide services at fixed costs. A patient's financial responsibility may be more or less than the estimate based on the services the patient actually receives.

The hospital can provide estimates of the amount of hospital services only. There may be additional charges for services that will be provided by physicians during a patient's stay in the hospital, such as bills from personal physicians, and any anesthesiologists, pathologists, radiologists, ambulance companies or other medical professionals who are not employees of the hospital. Patients will receive a separate bill for these services.

If you have any questions about written estimates, please contact Patient Access at 855-398-1637. If you have any questions, or if you would like to pay by telephone, please contact the Patient Financial Services at 855-398-1633.
